Mission Statement

Believing in the dignity of life, Serenity Hospice & Home offers care to the terminally ill and their families.

This encompasses physical, spiritual and emotional needs of the family unit with emphasis on the desires of the patient and family.

Serenity Hospice & Home believes that living continues until the moment of death and our focus is on promoting optimal living through this final journey of life.

Dear Friends,

In our effort to be the finest provider of hospice services, Serenity Hospice and Home sends a survey to each family asking several questions about the care their loved one received. For many years, the last question on the form was, "If there was one thing hospice could do better, what would it be?"

In 2001, Carole Lynn Rice, was mailed this questionnaire after Ogle County Hospice served her mother. Carole changed the question to read "If there was one thing hospice could do *in addition*, what would it be? The answer to her version of the question was "Although it would take a lot of money and personnel, it would be wonderful to have a home for the terminally ill, run by hospice."

Several years later, as this suggestion began to take hold in our community, Carole tirelessly volunteered her time and many talents to help make Serenity Home a reality. Her passion met no bounds as she assisted with the capital campaign in many ways, including facilitating the creation of the Ogle County Hospice cookbook, which raised over $43,000 dollars.

In April of 2009, Serenity Home opened its doors and has served over 300 patients and their families since that time. It is with great honor and sadness that Serenity Hospice and Home was recently able to serve Carole in the facility she envisioned so many years ago. During her final days in Serenity Home, she was able to be surrounded by the love of family, friends, and staff of Serenity Hospice and Home.

A card recently received from Carole's family stated, "Carole truly felt it was a privilege to be cared for and comforted during the end of her journey with the outstanding staff of Serenity by her side. Not only was the care she received exceptional, but the care given to her extended family was just as exceptional."

The true privilege was ours. Thank you, Carole, for allowing us the opportunity to give back a small portion for all you did for our organization. Because of Carole's dedication and the endless support of our community, Serenity Home continues to be available to serve those with a life-limiting illness who can no longer be, or choose not to be, cared for in their home.

Sincerely,

Lynn

Lynn Knodle
Executive Director

These memorials, donations, and memberships have been received between
November 12, 2011 and June 15, 2012.
If you made a contribution during this time and your name does not appear, we apologize for the omission. Please contact our office at 815-732-2499 so that we may correct our error.

Garden and Gazebo Project

If you have not had a chance to drive by Serenity Home in the last few weeks, we are very pleased to let you know that the building of the Gazebo and landscaping is progressing quickly. The lack of rain has made the digging difficult, but the crew has worked diligently to keep everything moving forward.

We would like to thank everyone who has helped make this dream a reality. We look forward to the day that our guests and their families can enjoy the peace and comfort that this lush setting will provide.

If you have been considering a naming opportunity, there are still many options available. Please call us at 815-732-2499 to reserve one of the remaining naming opportunities.
