

The Basics of Hospice

Medicare, Medicaid, and most private insurance companies cover hospice. Often, plans cover all related hospice costs with no out-of-pocket expenses. Our insurance specialist will work closely with you and your insurance provider. Patients with a life expectancy of six months or less who have chosen to focus on quality of life rather than curative treatments are eligible for hospice. We are dedicated to offering compassionate support and loving care every step of the way on life's last journey.

Serenity Hospice and Home has earned the prestigious Joint Commission Accreditation showing we have achieved the highest levels of service in the industry.

Our own ambulance to comfortably transport patients

Highest level (5) in the "We Honor Veterans" Program

Certified "Pet Peace of Mind" agency

Serenity Home

We are one of the only hospices in the area with a home available for patient stays. Our beautiful facility has a living room, family kitchen, chapel, kids' playroom, spa, an outdoor walking trail, and a guest bed and patio with each patient room. The Serenity Home environment is peaceful and provides 24-hour nursing care, pain management, spiritual and emotional counseling, and bereavement services. We would be happy to give you a tour.

Compassionate Care

Hospice affirms the belief that every moment of life is precious. We focus on quality of life, comfort, symptom, and pain management.

We provide care with dignity and love, honoring the wishes of our patients. We are a 501(c)(3) nonprofit organization; we always put the patient first. Our compassionate care team includes physicians, nurses, social workers, home health aides, chaplains, holistic providers, therapists, spiritual and bereavement counselors, and dedicated volunteers.

Serenity Hospice and Home has been providing care in Northern Illinois since 1984. We serve Boone, Carroll, Dekalb, Lee, Ogle, Stephenson, Whiteside, and Winnebago, as well as the towns of Walnut and Ohio in Bureau County.
