Hospice Volunteers Are Key!

Hospice volunteers are key to fulfilling Serenity Hospice & Home's mission of service.

We have volunteers with diverse backgrounds from all walks of life: students, retirees, and business professionals. What these volunteers have in common is a passion for serving others and making a difference. There are opportunities anywhere you live in the nine counties we serve including Boone, Carroll, DeKalb, Lee, Ogle, Stephenson, Whiteside, and Winnebago as well as the towns of Walnut and Ohio in Bureau County.

If you are interested in more information about becoming a Serenity Hospice & Home Volunteer, please get in touch with us at:

We Need Your Helping Hands And Caring Heart!

When you volunteer at Serenity, you are helping to enrich the last precious moments of a patient's life.

At Serenity Hospice and Home, our focus is on promoting optimal living through the final journey of life for terminally ill patients.

We support our volunteers with ongoing training and guidance. We ensure that they are comfortable in their particular volunteer roles.

Volunteers who wish to work directly with patients must complete the 16-hour Direct Care Volunteer Orientation and Training Program.
